SLT and ELMS Coordinators,

Attached is the most recent version of the bowling chart. Please share this draft with your supervisors and review the list of measures. If you see any errors or have any questions, please let me know and I will forward them with Linda. The final chart will be issued on Monday. At that time, I will upload it to the SharePoint site for data entry and use.

Subject: FY 2019 Master Bowling Chart

Bowling chart owners,

Attached is the current version of the FY 2019 Master Bowling Chart, reflecting changes submitted for agency-wide and regional metric owners. If you see any final issues, please let me know ASAP (no later than COB Friday) as we will begin to apply these to regional bowling charts starting Monday.

If there are any final changes, I will send a revised version on Monday. After that, I will ask each of the programs that already have their FY 2019 bowling charts to simply copy and paste the agency-wide metrics into their metric details sections, as some have changed since we produced your charts. This will not affect any programming, so should be a quick and easy task.

Thanks everyone for all your work. We are almost there!
